EARTH CHANGE PERMIT APPLICATION

This application is in conformance with the provisions of Ordinance No. 923.
The fee for an Earth Change permit is **\$35.00**.

Earth Change permits are required for any project 0.1 acre or more in size.

Project Name: _____

Address of Property: _____

Subdivision: _____ **Sec/Township/Range:** _____

Name of Applicant: _____

Applicants address: _____ **Zip Code:** _____

Contact Person: _____ **Telephone:** _____

Engineer: _____

Please include the following:

- ☐ A vicinity sketch of the site for which a permit is required, including a legal description of such property, and a boundary line survey.
- ☐ Site drawings indicating each separate land area to be excavated, filled, graded, or leveled, the finished depth of each separate land cut or fill, the present and future (as completed) points of entry and discharge for surface water on the subject property, and identification of all temporary or permanent structures or other devices to be erected or established for the purpose of controlling or regulating surface water and erosion on such property.
- ☐ The applicant's plans for controlling on-site erosion and off-site sedimentation for the purpose of minimizing the deposit of sediment from the tract under application upon any other off-site public or private property or watercourse during all phases of project construction.
- ☐ The applicant's plans for receipt of surface water on his property and discharge of surface water from his property during periods of construction and a statement specifying the anticipated time period for completion of all drainage improvements.
